Program Description:

Our colleagues in Kuantan recently embarked on a heart-warming mission to bring joy and support to two local orphanage homes - Rumah Anak Yatim & Asnaf Al-Kauthar and Rumah Anak Yatim & Miskin Permata Camar - in its aim to continue bringing smiles and spreading goodwill, this time to the faces of 67 children and caretakers.

The initiative saw our 20 passionate volunteers coming together cleaning the residence and compound, undertook repairing works, replacing old equipment and fixtures as well as distributing food aid and kits to both homes.

Our objective was simple yet profound: to extend our hearts and helping hands in hopes of inspiring more acts of kindness and create a supportive community where everyone feels values and cared for. By fostering empathy, we hope to continue working side by side as we unite with a shared purpose to serve the communities within our network of operations.
