

Batangas LNG

Track Record

The project consists of construction works necessary to:

- i) modify the existing jetty that will enable it to become a multi-purpose jetty
- ii) build an adjunct onshore gas receiving facility. The project will allow FGEN LNG to accelerate its ability to introduce LNG to the Philippines as early as the third quarter of 2022, to serve the natural gas requirements of existing and future gas-fired power plants of third parties and FGEN LNG affiliates.

Project Owner	FGEN LNG Corporation
Year of Completion	2021
Scope of Work	Supply & Delivery of 10,036.94MT of Coated Steel Pipe Pile (OD1200 x 25mm, OD1500 x 25mm & OD1600 x 25mm)
Project Location	Batangas, Philippines
