

Sabah-Sarawak Gas Pipeline (SSGP)

Track Record

Sabah-Sarawak Gas Pipeline is a 500 kilometre Malaysian natural gas pipeline that linked Kimanis in Sabah to Bintulu in Sarawak. The pipeline is part of the Petronas development project of "Sabah-Sarawak Integrated Oil and Gas Project".

The integrated project involves the development of offshore oil and gas fields in the Sabah and Sarawak states, and the construction of onshore facilities to store, process and transport resources produced from the offshore fields.
